THE HOME MONTHLY .- This interesting Magazine, for April is received. It is daily growing in interest, needs but to be read to be appreciated. It is, as its name imports a Home Magazine and richly deserves support. Published by Arey & Gildersleeve, Buffalo, at \$1,50 a year. Alward has it for sale.

FIRE AT DECATUR.-On Tuesday night last, about 2 o'clock, the freight house of the Michigan Central Railroad at Decatur, was discovered to be on fire, which was, together with about twenty-five bushels of wheat, 150 bushels of oats, 100 bushels of corn, a lot of household goods, and some six or eight barrels of flour, entirely destroyed. There was also a freight car standing in the house, which was likewise burned. It is not known how the fire originated. The books and papers in the freight office were mostly saved.

HARPER'S MONTHLY.—This sterling
Magazine, for April, is at hand. It is a splendid
number. We notice that this numbe contains a
number of articles heautifully illustrated. This

when a sour mote of the Armerean Havester, with a short extract, explaining some of its peculiarities:

"The marked peculiarity of this machine is its adaptability to uneven surface. The finger bar and driving wheel act independently of each other, each following its own ground. The peculiarity of the machine enables it to work on very rough land, and adapts it to all kinds of work, whether mowing, resping, or gathering grass and clover seed; and every variety of soil, whether sand, clay or wet marbs — whether soft or hard, rough clay or wet marbs — whether soft or hard, rough clay or wet marbs — whether soft or hard, rough clay or smooth, stony or hilly. The finger bar can be set so as to work at any hight, from two to eighteen inches, and the change can be made in an instant. Also, by a very simple arrangement, the driver can, with one finger, lift the bar over any obstruction. The driver's seat is made to act as a lever, by means of which the weight of the frame and throws the whole upon the driving wheel—thus adding to the power of the wheel, materially lightening the draft, obviating the side draft, and relieving the lorses from the pressure and weight of the pole and forward part of the frame.

AS A MOWER. AS A MOWER.

The mower is all iron, except the seat and pole, consequently very strong and durable, while it is at the same time the lightest machine in use. It is a perfect combined machine, working equally well whether mowing or reaping, and the change from mower to reaper is made in a moment. Simplicity, strength, durability and efficiency are attained in the highest degree by the ingenious and simple combination of all parts of the machine."

CASH!

At the present time there is quite a large number of persons who will not be trusted at all, and there is a mach larger portion of the community who cannot get credit any wall. These two classes form, perhaps, more than one-half of our population and there is no good reason why a poor man should pay more than a rich one; and no sense at all in charging CASH CUSTOMERS for bad debts incurred under the present mode of merchandizing. If the people will only bestow one thought upon the subject they will at once see that—paying customers assume all the bad debts, or, in other words, they take all the risks of the credit system. The present time is very discouraging for making debts; the obligations of the people are now very large, larger by far than the crops this season will discharge. Property of all kinds is continually running down, and how would it be with us in the event of a total or even partial failure of the crops next season? Is there one so blind that he cannot see that in such an event it would take a large amount of property to pay a very small debt. Who then, is so bold as to increase their liabilities under this state of things?

DR. M'LANE'S CELEBRATED VERMIFUGE LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for

what their name purports, viz.: THE VERMIFUGE. For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS. For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make

a speedy and permanent cure. As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS.

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner.
